## INTERNAL LABORATORY 內部標準實驗室

Although perfect quality is elusive, we continuously strive, to improve and reach that goal. People are the key for successful quality management, and strict quality control is the starting point of good management. Quality products are brought forth by sound manufacturing practices, not just inspection. Only with full awareness of all employees on quality control will there be continuous improvement of quality.

品質只有更好沒有最好，然後我們的目標是竭盡全力達至更好。嚴格的質量和良好的技能人員管理是成功的關鍵，高質量的產品不僅只是檢查，更需要配合製造業者優良的管理。更有效的方法是全體人員徹底地專注嚴格質量的重要，持續不斷定期培訓。
